

Getting to Perisher Valley & Festival Transport Information

All roads lead to Jindabyne and then you have 2 options – Skitube or drive into the National Park and the snowfields.

The Skitube is a safer option in regard to not needing chains, antifreeze for your car and getting you directly to the Festival Office and the Transport Team.

However larger bands with a lot gear may consider driving up through the National Park to Smiggin Holes Carpark. It will ultimately depend on the weather and forecasts. If you choose this option then call (1300 811 324) when you are leaving Jindabyne to try and arrange transport to meet you at the Carpark when you arrive.

Either way you will have transport provided when you arrive.

The Skitube and National Park Entry is free for all artists and their party that were pre-notified. Your name should be on lists at both locations.

Once you arrive head for the Festival Office on the ground floor of the Skitube Terminal to get wristbands and make transport arrangements. The merchandise shop is there also as well as the Volunteer Centre if you are helping out as well.

If you need to call then firstly try the Festival number which will be based with the Transport Team – **1300 811 324**, then try **David 0409 57 1788**. If totally desperate call Barney from Perisher **0411 189 974**

Try and do all your transport request forms for your performances when you arrive to ensure they are booked in.
