

Tips for your Perisher Holiday with Kids

- 1. Beat the winter chills!** A waterproof and windproof jacket, pants, thermal underwear, fleece jumper, warm beanie, gloves, goggles or sunglasses and appropriate boots are needed to protect your child from the elements. Pants, jackets, gloves, goggles and boots can be hired from Perisher hire outlets located at various locations around the resort.
- 2. Take frequent breaks and don't tire your little ones out.** Remember, new environments can be tiring even for adults so don't push your child too hard on the slopes! Pack energy snacks such as muesli bars and/or mini chocolate bars in their pockets and take hot chocolate breaks at any of the various on-mountain eateries to recharge and warm up.
- 3. Don't force your kids to ski or board if they don't want to.** If the idea of skiing or boarding is too much for your tiny tot, there are many other fun activities for them at Perisher. Go snow tubing at Tube Town - a fantastic low-cost and family-friendly way to enjoy the snow, or just enjoy building a snowman or having a friendly snowball fight!
- 4. Make the most of Perisher's excellent Kids' Programs.** Perisher Kids' Snowsports School has specially trained instructors on hand to teach your little ones aged from 2 to 14 years how to have fun in the snow and to ski or board (boarding from 4 years old).
- 5. Take your kids to the Columbia Funpark or Jump City** to ride some really run terrain... they won't want to leave!
- 6. Play safe and follow the Kidz Snow Rulz!** Kidz Snow Rulz is a kids' version of the Alpine Responsibility Code. Your children can learn about snow safety before coming to the resort on the 'Kidzone' section of www.perisher.com.au.
- 7. Look for Professor Nugget.** Perisher has its very own mascots on hand to entertain your children. Professor Nugget makes VIP appearances around the resort, and he has even been known to go skiing!
- 8. Wear a helmet.** Our Snowsports School highly recommends wearing a helmet. Helmets can be purchased or hired at Slopestyle and Snowsports Hire outlets.
- 9. Make your life easy and get a locker.** Conditions can change quickly in the mountains, so it is smart to bring extra clothes and gloves to the resort. There are lockers to be found in various locations that will make your life a whole lot easier.
